Back to nature at Richmond Plains »

by Deborah Walton-Derry & Peter Morice » [The Marlborough Express July 2011](#)

Lars Jensen and his wife, Sam, believe in working with nature – so it's hardly surprising they have been described by some as "environmental idealists". The couple own Richmond Plains, an eight-hectare vineyard near Nelson. The vineyard has been certified organic since 1992 and, in 2008, became the first New Zealand vineyard to carry both organic and biodynamic certification... » [read more](#)

angove 2010 organic chardonnay

great introductory price » save \$18 per case

buy mixed case **\$12.50** » straight case **\$138** (\$11.50pb)

region » riverland & mclaren vale, SA
classification » organic, vegan

review » Bright green-straw; certified organically grown; like the shiraz, well-handled, and with plenty of flavour. Its organic credentials are enhanced by the Lean+Green bottle with 38% less glass than the conventional bottle. This results in 19% less water being used and 19% less carbon dioxide being produced in the bottle production. **88pts** » [James Halliday The Weekend Australian Jan 2011](#)

angove 2010 organic shiraz cabernet

great introductory price » new vintage » save \$18 per case

buy mixed case **\$12.50** » straight case **\$138** (\$11.50pb)

region » riverland, SA
classification » organic, vegan

review » This blend, sourced from selected certified organic grape growers in South Australia, is a deep crimson red with a strong showing of purple. The spicy aroma - with prominent dark berries - is intense but not cloying. This full-flavoured wine is peppery and has a little gusto without being intimidating. An enjoyable drop and well-priced. **7/10** » [Shaun Viljoen Geelong Advertiser Jun 2011](#) » [read more](#)

krinklewood 2010 wild white

classic hunter blend » a biodynamic bargain

buy mixed case **\$14.50** » straight case **\$162** (\$13.50pb)

region » broke fordwich, hunter valley, NSW
grape varieties » semillon (34%), chardonnay (33%), verdelho (33%)
classification » biodynamic

review » Fresh, dry & crisp on the palate. The Wild White has plenty of citrusy character with some white pear & spicy floral to make it a delightful way to while away the afternoon. Ripe with some flesh to round it out & a satisfying length. Drink this with friends or with food – either way – drink it to enjoy it. **Value: \$\$\$ Drink: Now – 2 years** » [Lisa Johnston](#) » [winemuse.com.au Dec 2010](#) » [read more](#)

krinklewood 2010 wild red

biodynamic shiraz with plenty of funk » perfect with pizza

buy mixed case **\$14.50** » straight case **\$162** (\$13.50pb)

region » broke fordwich, hunter valley, NSW
grape varieties » shiraz (100%)
classification » biodynamic

tasting notes from the winery » Rich cherry red in colour, it has a nose of dried spice with lifted notes of black plums with hint of mocha. Tobacco and dried spices are layered over pristine flavours of blackcurrant and cherries. Fine French oak balances the intense fruit driven palate. CUISINE: Wood fired pizza with prosciutto, rocket, freshly shaved parmesan cheese and plenty of cracked pepper. » [read more](#)

review by organic wine june 2011 » The nose has an attractive herby fennel character and some mineral hints. The fresh palate delivers with mouthwatering acid and lovely texture with a bit of viscosity. Not all Sauv Blancs give you satisfaction in the middle of winter, but this one has the palate weight & complexity from a couple of years age to make it a worthy option. Don't serve it too cold, I tasted it at room temperature and it was perfect. » [read more](#)

Tasting Packs \$138- \$275 + freight
This is a great way to sample some of the fabulous range of wines that we have to offer at least **cheaper than mixed case** pricing. The packs are put together with quality, value and variety in mind. The wines available in the packs will change regularly as vintages come and go and as new exciting wines are discovered. There are 6 packs to choose from.

» **biodynamic pack : mixed \$275**

» **organic pack : mixed \$220**

» **organic pack : red \$220**

» **organic pack : white \$210**

» **no added pres. pack : mixed \$210**

» **organic pack : cleanskins \$138**

Hochkirch 2008 Steinbruch Pinot

This is one of my favourite wines at the moment. And I'm not the only one, it is found on some **notable restaurant wine lists** such as Rockpool & Movida.

Moderately deep red colour with a rather lifted nose showing high notes of **cherry & dark plums** with a lingering earthiness in front of subtle French oak. Palate is all sweet red fruit and juicy acid leading to **dark earthy flavours and fine tannins** with moderate length.

Hochkirch Pinots are made in a bold earthy rich burgundian style, quite different to the light soft red fruit styles often found in New Zealand & Tasmania. **Biodynamic, low preservative, vegan & wild yeast ferment.** What more could you want!

How does the pricing work?

Each wine may have three different bottle prices depending on the quantity being bought.

- 1. one plus btls in less than a case**
» the standard undiscounted price for the wine
» still usually cheaper than the RRP at other retailers
- 2. mixed case**
» order any combination of 12 or more wines from across our entire wine list
» you save about 5-6% on the standard price
- 3. straight case**
» order a full case of the same wine to receive the best price
» in most instances a case of wine is 12 btls, except for a few of our more expensive when it will be listed as 6 btls
» you save between 10-15% on the standard price

Tell me about delivery?

We deliver all over Australia at subsidised rates as we want our wine to be accessible and affordable for all. The rate is the same for one bottle as it is for a case of 12 bottles, so to minimise freight you should order a case.

Delivery Arrangements

We deliver all over Australia at subsidised rates as we want our wine to be accessible and affordable for all. The rate is the same for one bottle as it is for a case of 12 bottles, so to minimise freight you should order a case.

The main courier we use is Australia Post Eparcel, so delivery to PO Boxes is OK. Their delivery timeframe is overnight into Melbourne and 2-5 working days for most other parts of Australia. Wine is normally despatched twice a week on Tuesdays and Thursdays.

Wine can be left in a safe place at your address if you are not present to accept the delivery. If for some reason your delivery is delayed for more than a day or two then you will be notified.
